Venues Working Together for Routing Everyone Wins

One of the easiest ways to keep performance costs down is by venues working together to create a routing tour for the acts they book. The venues get performers at a better cost than working alone. Artists get a mini tour that gives them more venues to amortize their expenses. What's not to like about that.

TSE can help facilitate these routing shows by putting venues together who would like to take advantage of potential routings with other clubs or other entertainment venues. If you are interested in being part of this effort, click the button and fill out the form.

It certainly can't hurt, but could be another way to get the artists you want at a price you can afford.

Client Testimonial

Glenda has been incredible to work with! I am the assistant to the owner and handle all of the bookings over at Big Axe Bar and Grill in Alvin, Texas and TSE has gone above and beyond to help us book our very first big name show this past Friday! The entire process was very smooth and everything was explained to us in depth and was easy to understand. Our first show was a huge success and we look forward to many more! Thank you, thank
